Nationality: Slovak
Date of birth: 17th May 1994

Education

2009 – Present **The Bilingual Grammar School of Milan Hodza Sucany, Slovakia**

I have the privilege to study at one of the top grammar schools in Slovakia, attending the third out of five years. My results have always been excellent and thus reflected my vigour and determination in studies.

I have always focused on studying of Mathematics, since I would like to apply my knowledge in different web and software development strategies. Apart from mathematics, I admire the most the studies of Economics and Business, as I believe the combination of IT and Economics opens a wide variety of doors into the future.

Achievements in my school:

- ProFor U – CEO of the student company 2011/2012.
- Development of the website of the student company (www.proforu.com).
- Representation at the Trade of Student companies in Zilina
- Design of many advertising materials for social events and their management.
- Odyssey of the mind - member of the winning team of Slovak national round 2011/2012.
- School council representative (1st May 2012 - May 2014) .
- Debate competitions – member of one of the leading teams in Slovak debate league 2010/2011.
- Various voluntary activities in and outside of school.
- Sports: High school Football league representative

2000 – 2009 **The primary school Hrusov (Hrusov, SVK)**

Hard work from the childhood turned out to be an essential ingredient into achieving great goals. One of them was passing the entrance exams for the abovementioned high-class grammar school. I finished the school with excellent results in all areas.

These are among many achievements during my elementary school

- Competitions in Geography, Mathematics and especially Physics (achievements on the international level)
- Sport representation – volleyball, football, floorball
- Voluntary projects with the Children folklore group and later Folklore group Hrusov

Employment and work experience

Recent employers:

- Summer job 2011 – MIPAX 990 01 Velky Krtis Slovakia (mainly lorry assistance with the freight)
- Some translating services (English – Slovak and vice versa)
- ProFor U – student company (management, production and selling)

I have not had many opportunities for gaining rich experiences in jobs, but I have been acquiring lots of valuable theoretical and practical experiences among which are:

PC work:

- HTML5 / CSS3 - advanced
- jQuery and simple JavaScript - intermediate
- Adobe InDesign CS 5.5 - intermediate
- Adobe Illustrator CS 5.5 - intermediate
- Adobe Photoshop CS 5.5 - intermediate
- Adobe Dreamweaver CS 5.5 - intermediate
- Microsoft Office (Word, PowerPoint, Excel) - advanced
- Open Office - advanced
- Sony Vegas Pro – intermediate

Languages:

- English (written-professional, spoken-professional)
- Slovak (written-professional, spoken-professional)
- German (written-very good, spoken-good)

Interests:

- Sports, reading books, technological news, movie critics
